## 7TH ANNUAL COMMUNITY RESOURCE FAIR

Families Forward created the Community Resource Fair with Irvine Valley College and the City of Irvine to bring agencies and services directly to our neighbors in need. Through collaboration with area agencies and service providers, Families Forward brings the community together to help families in need look forward to a brighter future.

## OUR MISSION AND VALUES

Families Forward exists to help families in need achieve and maintain self-sufficiency through housing, food, counseling, education and other support services. At Families Forward we are committed to providing services to local families in crisis in concert with our values of dignity, empowerment, accountability, community spirit and hope.

## OUR PROGRAMS

**Housing Program** helps homeless and imminently homeless families with minor age children regain stable housing. Through partnerships with local apartment communities and Families Forward's housing resources, families who have lost their housing are able to access more affordable rental housing. Families may receive rental subsidizes to give them time to regain their self-sufficiency. Supportive services for families in this program may include counseling, food, medical and dental assistance, and career coaching. Following a stabilization period, families move into permanent housing or stay in their apartment homes if they choose.

**Homeless Prevention** provides low-income families and individuals with access to necessary services to help them maintain their stability, including: food assistance, counseling and employment coaching.

# FAMILIES FORWARD
