# An Evening Of Hope

32ND ANNUAL GALA  
SEPTEMBER 17, 2016

## Brookfield Residential

### Brookfield Residential Spirit of Community Award Families Forward Gala 2016

With heartfelt dedication to address the issue of affordable housing in Orange County, Brookfield

Residential was a very generous partner with Families Forward in 2015. In concert with the City of Lake Forest, we had the opportunity to purchase and renovate a four-plex to provide low-income families with new affordable homes.

This was an incredible opportunity but also a big challenge. The ultimate success of the project would not have been possible without the project leadership of the Brookfield Residential team, including Louis Navarrete, Lindsey Kastelic, Jim Lundquist, Roger Malcolm, and Laurie Blasing, with support from the entire executive team, especially John O'Brien, VP of Housing. They managed all aspects of the project, ensuring completion in time for the families to be "Home for the Holidays." In addition to their daily presence on the site, they donated a significant number of hours of expertise and valuable services with the highest level of professionalism and integrity.

The team members at Brookfield Residential also care deeply about their community. Since 2009, with the support of Pam Evans, Brookfield Residential has rallied its employees around adopting Families Forward for the holidays. Like clockwork, a large group volunteers every year serves more than 700 families a complete holiday meal for Thanksgiving. In addition, as part of their holiday celebration, they provide prizes and incentives for a huge food drive to fill shelves with essential supplies for hungry families.

We honor and recognize Brookfield Residential for their vision and generous contributions to make our community a better place to live for all of us.

## FAMILIES FORWARD

DIGNITY • EMPOWERMENT • HOPE
